Vallis Joins the East Africa Grains Council (EAGC)

I am delighted to announce that Vallis has become an Associate Member of the East Africa Grains Council (EAGC).

The EAGC is a membership organization of grain stakeholders in Eastern Africa. EAGC's aim is to advocate for an enabling environment for farmers and producers, whilst actively promoting and supporting structured grain trade for the benefit of stakeholders. Its charter spans 10 countries including Kenya, Uganda, Tanzania, Rwanda, Burundi, DR Congo, Zambia, Malawi, Ethiopia and South Sudan.

In August 2018, Justus Kioko (Vallis Kenya) and Franci Tuck (Vallis UK) attended the EAGC's 3-day Structured Commodity Trade Financing training in Mombasa. The course featured high profile speakers from the EAGC group and included a visit to the Grain Industries Limited plant.

The August EAGC Members Update contains further information regarding membership and the associated benefits.

Please get in touch if you would like more information on this or any of the services that Vallis provides.

Best regards,

Andrew
